CEMENT IN JUNE 2021

This report provides monthly data on the shipments of cement to final customers and the production of clinker in the United States from January 2020 through June 2021. Data on the imports of cement and clinker for June 2021 also are provided.

Total shipments of portland and blended cement, including imports, in the United States and Puerto Rico in June 2021 were an estimated 10.1 million metric tons (Mt), essentially unchanged from shipments in June 2020 (tables 2A and 2B). Shipments for the year through June totaled an estimated 50.4 Mt, a 5.1% increase from those for the same period in 2020. The leading producing States for portland and blended cement in June 2021 were, in descending order, Missouri, California, Texas, Florida, and Michigan (table 1A); these States accounted for 40% of cement produced. The leading cement-consuming States (Texas, California, Florida, Ohio, and Illinois) received 37% of June shipments (tables 2A and 2B).

Masonry cement shipments totaled an estimated 218,000 metric tons in June 2021, a 2.2% decrease from those in June 2020 (table 2C). Shipments for the year through June totaled an estimated 1.2 Mt, a slight increase from those for the same period in 2020. The leading masonry-cement-consuming States in June 2021 were, in descending order, Florida, Texas, North Carolina, California, and Tennessee; these States received 55% of June shipments (table 2C).

Clinker production, excluding Puerto Rico, totaled an estimated 7.2 Mt in June 2021, an 4.8% increase from

production in June 2020 (table 4). Production for the year through June totaled an estimated 36.9 Mt, essentially unchanged from the same period in 2020. The leading clinker-producing States in June 2021 were, in descending order, Texas, Missouri, California, Florida, and Alabama (table 4).

Tables 5, 6, and 7 list import data from the U.S. Census Bureau; however, data for clinker imports into the Seattle, WA, and the Detroit, MI, customs districts do not include material trucked in from Canada on an informal-entry basis. Likewise, reported imports of cement into the El Paso, TX, district may be missing significant informal entries from Mexico. Monthly imports can show significant year-over-year changes for a variety of reasons and commonly do not correlate well with consumption levels in the respective import districts in the same month. June 2021 imports of cement and clinker totaled 2.3 Mt, a 36% increase from imports in June 2020. Imports for the year through June totaled 10.9 Mt, an increase of 39% from those for the same period in 2020.

List services and web feed subscribers are the first to receive notification of USGS minerals information publications and data releases. For more information on how to subscribe, go to <https://www.usgs.gov/centers/nmic/minerals-information-publication-list-services>.

°Estimated.

¹Data are unrounded but are thought to be accurate to no more than three significant digits.

²Includes cement manufactured from imported clinker.

³Data may not add to totals shown because of independent rounding.

⁴As reported by domestic and Canadian cement manufacturers and other importers.

^eEstimated. ^rRevised.

¹Data are unrounded but are thought to be accurate to no more than three significant digits.

²Includes imported cement and cement manufactured from imported clinker.

³Does not include sales of imported cement likely destined to “Texas, southern” by companies that do not report to the USGS.

⁴As reported by domestic and Canadian cement manufacturers and other importers. Includes U.S. possessions and territories.

⁵Data may not add to totals shown because of independent rounding.

^eEstimated. -- Zero.

¹Data are unrounded but are thought to be accurate to no more than three significant digits.

²Includes imported cement and cement manufactured from imported clinker.

³Blended cement defined per ASTM standard C595.

⁴Does not include sales of imported cement likely destined to "Texas, southern" by companies that do not report to the USGS.

⁵Includes U.S. possessions and territories.

⁶Data may not add to totals shown because of independent rounding.

^eEstimated. -- Zero.

¹Data are unrounded but are thought to be accurate to no more than three significant digits.

²Includes imported cement and cement manufactured from imported clinker.

³Does not include sales of imported cement likely destined to "Texas, southern" by companies that do not report to the USGS.

⁴Includes U.S. possessions and territories.

⁵Data may not add to totals shown because of independent rounding.
