## CEMENT IN SEPTEMBER 2021

This report provides monthly data on the shipments of cement to final customers and the production of clinker in the United States from January 2020 through September 2021. Data on the imports of cement and clinker for September 2021 also are provided.

Total shipments of portland and blended cement, including imports, in the United States and Puerto Rico in September 2021 were an estimated 9.8 million metric tons (Mt), a 4.5% increase from shipments in September 2020 (tables 2A and 2B). Shipments for the year through September totaled an estimated 79.9 Mt, a 4.2% increase from those for the same period in 2020. The leading producing States for portland and blended cement in September 2021 were, in descending order, Texas, Missouri, California, Florida, and Michigan (table 1A); these States accounted for 40% of cement origins. The leading cement-consuming States (Texas, California, Florida, Ohio, and Illinois) received 38% of September shipments (tables 2A and 2B).

Masonry cement shipments totaled an estimated 205,000 metric tons in September 2021, a slight decrease from those in September 2020 (table 2C). Shipments for the year through September totaled an estimated 1.8 Mt, essentially unchanged from those for the same period in 2020. The leading masonry-cement-consuming States in September 2021 were, in descending order, Florida, Texas, California, North Carolina, Georgia, and Tennessee; these States received 63% of September shipments (table 2C).

Clinker production, excluding Puerto Rico, totaled an estimated 6.8 Mt in September 2021, a slight decrease from

production in September 2020 (table 4). Production for the year through September totaled an estimated 57.8 Mt, essentially unchanged from the same period in 2020. The leading clinker-producing States in September 2021 were, in descending order, Texas, Missouri, California, Florida, and Alabama (table 4).

Tables 5, 6, and 7 list import data from the U.S. Census Bureau; however, data for clinker imports into the Seattle, WA, and the Detroit, MI, customs districts do not include material trucked in from Canada on an informal-entry basis. Likewise, reported imports of cement into the El Paso, TX, district may be missing significant informal entries from Mexico. Monthly imports can show significant year-over-year changes for a variety of reasons and commonly do not correlate well with consumption levels in the respective import districts in the same month. September 2021 imports of cement and clinker, including Puerto Rico, totaled 1.8 Mt, a 3.7% increase from imports in September 2020. Imports for the year through September totaled 17.0 Mt, an increase of 34% from those for the same period in 2020.

<sup>e</sup>Estimated.

<sup>1</sup>Data are unrounded but are thought to be accurate to no more than three significant digits.

<sup>2</sup>Includes imported cement and cement manufactured from imported clinker.

<sup>3</sup>Does not include sales of imported cement likely destined to “Texas, southern” by companies that do not report to the USGS.

<sup>4</sup>As reported by domestic and Canadian cement manufacturers and other importers. Includes U.S. possessions and territories.

<sup>5</sup>Data may not add to totals shown because of independent rounding.

<sup>e</sup>Estimated. -- Zero.

<sup>1</sup>Data are unrounded but are thought to be accurate to no more than three significant digits.

<sup>2</sup>Includes imported cement and cement manufactured from imported clinker.

<sup>3</sup>Blended cement defined per ASTM standard C595.

<sup>4</sup>Does not include sales of imported cement likely destined to “Texas, southern” by companies that do not report to the USGS.

<sup>5</sup>Includes U.S. possessions and territories.

<sup>6</sup>Data may not add to totals shown because of independent rounding.

<sup>e</sup>Estimated. -- Zero.

<sup>1</sup>Data are unrounded but are thought to be accurate to no more than three significant digits.

<sup>2</sup>Includes imported cement and cement manufactured from imported clinker.

<sup>3</sup>Does not include sales of imported cement likely destined to "Texas, southern" by companies that do not report to the USGS.

<sup>4</sup>Includes U.S. possessions and territories.

<sup>5</sup>Data may not add to totals shown because of independent rounding.
